

单头镶齿硬制合金重型立铣刀 Carbide Tipped Heavy Duty End Mills

All material can be machined with ultra micrograin end mills at high or low cutting speeds and feeds with increased wear resistance
Specially designed with 25°right hand helix
Tough carbide grade allows high speed milling operations

| Size 规格 | Shank Dia 柄径 | Flute Length 刃长 | Overall Length 全长 | Two Flute Stock No 2齿货号 | Three Flute Stock No 3齿货号 | Four Flute Stock No 4齿货号 |
